DPROFILE katerina.zaraza

Motion graphics and animation, 3D, visual storytelling.

ABOUT

Communication designer working across visual research, branding, graphic and digital design. I develop visual concepts and systems — from research and idea to production across different media. I work with brands and with fashion, cultural and educational projects: visual systems, graphics, presentations, digital content. I use AI workflows for research, ideation and visual development. I also coordinate creative processes, shoots and external contractors.

SKILLS

CREATIVE
